Birmingham, AL – August 26, 2020 – The County of Jefferson, NY, has purchased the Trinity Commissary Interface for Black Creek’s *SallyPort®* Jail/Inmate Management System (JMS) at the jail. Jefferson County implemented *SallyPort®* in 2018 and this is a system enhancement designed to provide inmate data on intake to Trinity’s Commissary system.

SallyPort®, a full-featured, browser-based jail management system, provides increased efficiency and security for inmate records management thru its many intrinsic features. *SallyPort®* allows an agency to streamline its operations with My Queues and

workflow, inmate screening and classification, intra-agency messaging, and Electronic Shift Log which replaces paper logs. Other *SallyPort®* features include digital mugshot image capture, inmate time computation, inmate property inventory and transactions, standard and ad-hoc reporting capabilities, medical module, expansive audit capabilities, threat group assessment, and more.

More about Black Creek ISC

Black Creek Integrated Systems is a turn-key source for modern, touchscreen-based, correctional facility security control systems and security management software solutions that reduce the cost of corrections. Black Creek focuses only on the corrections market – installing integrated security and records management solutions in jails, prisons, courthouses and government facilities across the nation.
