

****FOR IMMEDIATE RELEASE****

Tulsa County, OK Awards Contract to Black Creek for Touchscreen Security System Upgrade

David L. Moss Criminal Justice Center

Birmingham, AL – April 24, 2018 – Black Creek has been awarded a contract to upgrade the existing Black Creek Security System at the 1980 bed David L. Moss Criminal Justice Center, located in Tulsa, OK, with a new Black Creek **Super Display**® Touchscreen Control System.

All existing touchscreen control stations will be removed and replaced with new touchscreen stations utilizing the Black Creek **Super Display**® software. Each station will include a 32" LCD monitor which will have a split screen with one side dedicated to security control of the field devices and the other side dedicated to CCTV camera call-up. David L. Moss Criminal Justice Center has been a customer of Black Creek since 1999.

Black Creek's Super Display System incorporates all correctional security functions, including multiple CCTV cameras monitoring into a single, high resolution, high contrast LCD touchscreen monitor. An officer can easily select different camera viewpoints, control facility utilities and more. The system provides agencies with a modern solution that incorporates all aspects of correctional facility physical security into a single, fully integrated package.
