San Diego County Awards Black Creek Contract to Upgrade Touchscreen Security System at East Mesa Juvenile Detention Facility

East Mesa Juvenile Detention Facility, San Diego, CA

Birmingham, AL – January 13, 2017 – Black Creek has been awarded a contract to upgrade the existing electronic security system at the 290-bed East Mesa Juvenile Detention Facility, located in San Diego, California.

The scope of the project will include the installation of 17 new Super Display® Touchscreen stations at control locations. Black Creek will upgrade and integrate existing equipment such as the intercom and paging headend equipment, CCTV system to provide camera call-up and display of video for 255 cameras, card access system, and duress alarm system. Annunciation of future perimeter fence and roof zones in central control will

also be provided.

Each Super Display® Touchscreen station will utilize up to three LCD monitors that display all the facility's security controls and a CCTV camera call-up and video display. An officer can easily select different camera viewpoints, control facility doors, monitor duress alarms, and control facility lights and power receptacles. The system provides agencies with a modern solution that incorporates all aspects of correctional facility physical security into a single, fully integrated package.
