Black Creek Appoints New Security System Technician

Birmingham, AL – January 13, 2017 – Robert Nand has joined Black Creek as a Security System Technician. Robert will be responsible for maintaining Black Creek security control systems at multiple Cobb County Jail facilities and downtown Courts Complex located in Marietta, Georgia.

Robert has a wealth of electrical experience as he has spent over 18 years as an engineer and technician where he has demonstrated his ability to identify and correct equipment failures quickly, learn multiple manufacturers' equipment operation and maintenance procedures, and successfully assemble, install, and repair numerous types of machinery for a variety of large companies.

“Robert brings a tremendous amount of experience to our department,” said Ed Pickens, Field Operations Manager. “He is extremely knowledgeable in many types of software and hardware and is used to working in fast-paced environments. On top of this, he has excellent customer support skills which is essential to this role. We are very fortunate to have Robert join Black Creek.”

More about Black Creek ISC

Black Creek Integrated Systems is a turn-key source for modern, touchscreen-based, correctional facility security control systems and security management software solutions that reduce the cost of corrections. Black Creek focuses only on the corrections market – installing integrated security and records management solutions in jails, prisons, courthouses, and government facilities across the nation.
