Black Creek Appoints New Project Manager

Birmingham, AL – January 13, 2017 – Dallas Baker has joined Black Creek as a Project Manager. Dallas will be responsible for coordinating and overseeing all aspects of Black Creek projects including developing schedules, coordinating the engineering and installation of projects, and providing quality control assurance.

On his new position, Dallas expressed “Black Creek is a well-established company regarded highly within the industry. I believe what we do increases the safety of inmates and employees. I am fortunate to join a company that prides itself on providing the highest quality service for its clients.”

Dallas comes to Black Creek with six years of experience in managing large-scale construction projects. Having also worked in offshore drilling for 18 years, Dallas thrives in fast-paced environments and is able to remain highly organized under pressure which will be a valuable asset to the company.

More about Black Creek ISC

Black Creek Integrated Systems is a turn-key source for modern, touchscreen-based, correctional facility security control systems and security management software solutions that reduce the cost of corrections. Black Creek focuses only on the corrections market – installing integrated security and records management solutions in jails, prisons, courthouses, and government facilities across the nation.
